SUBJECT: RE: Accommodation Request - Response

Gideon,

Thank you for your patience while we reviewed the March 9 note from your physician (lifting restriction: no lifting over 35 lbs).

After review, Tri-State Fulfillment Group is unable to grant the requested accommodation. The Picker I position requires the ability to lift up to 50 lbs on a regular basis, which the Company considers an essential function of the role. Reassignment to a scanning station is not available in your case: per Company policy HR-114, temporary modified duty ("light duty") assignments are reserved for employees recovering from work-related injuries covered by workers' compensation.

Because you are currently unable to perform the essential functions of your position, you will be placed on an unpaid personal leave of absence effective today, April 6, 2026. If you are unable to return to work at full duty, with no restrictions, on or before May 22, 2026, your employment will end on that date.

Please provide any updated medical documentation to HR as it becomes available.
