

□ Your Safety Comes First

Some of what you shared suggests you may be dealing with a situation that could put your safety at risk. You are not alone, and help is available right now — you do not need a lawyer or any money to reach it.

If you are in immediate danger, call 911.

You can reach trained, confidential help any time:

- **National Domestic Violence Hotline** — call 1-800-799-7233, or text START to 88788 (<https://www.thehotline.org>)
- **National Dating Abuse Helpline** — call 1-866-331-9474, or text LOVEIS to 22522
- **Eldercare Locator** — call 1-800-677-1116 (<https://eldercare.acl.gov>)
- **Adult Protective Services** — call Contact your local APS agency
- **Stalking Prevention, Awareness, and Resource Center (SPARC)** (<https://www.stalkingawareness.org>)

- A safety plan can help you prepare for emergencies. The National DV Hotline can help create one.

Asking a court to protect you. If someone has hurt you or made you afraid, you can ask a court for an **Order for Protection** (sometimes called a

restraining order). It is a free request you can make yourself: the court clerk's office or a local advocate can give you the forms and walk you through them, often the same day. A domestic violence advocate (reachable through the hotline above) can help you fill them out and can go with you.

You get to decide what feels safe for you. The steps above are here whenever you are ready.

Executive Summary

This initial review identified 18 possible legal issues in the state. The strongest issues identified include Breach of Fiduciary Duty (when someone fails to act in the best interest of another), Possible Fraudulent Transactions (deceptive dealings that could lead to unfair gain), and

Coercion or Duress (forcing someone to act against their will). A critical deadline was calculated: there is an appointment on July 16th for signing listing papers. This date is mentioned in the court's own summons, hearing notice, or scheduling order, which is the main authority for a court-ordered appearance (make sure to check the date against that document). Some safety concerns were noted in this situation; see the safety resources provided below. The analysis is about 77% complete, and answering the 24 follow-up questions listed below would improve the evaluation.
